

-- The disclosure incorporates the side discharge bulk material trailer disclosed in provisional patent application No. 60/446,690 filed February 11, 2003, whose priority is claimed for this application.--

Rewrite paragraph [0021] as follows:

Paragraph [0021] has been amended on line 4 to change label "75" to --69--.

[0021] The left side wall 56 includes an upper door 58 and a lower door 60. The upper door 58 has a top edge 62, a bottom edge 64, a rear edge 66 and a front edge 68. The top edge 62 is pivotally attached to the front end wall 52 and the rear end wall 54 by hinges 69 for pivotal movement about a horizontal fore and aft axis 70. Hydraulic cylinder 71 are provided to open and close the left upper door 58.
